Protect Your Bike From **WINTER RUST**

Colder weather itself won't necessarily rust out your bike. Rainwater, snow, sleet, humidity in the air, salt on the streets and road grime are the main causes of rust that destroys the metal on your bike.

Rust prevention is far easier than trying to remove rust once it's taken hold. That's why road salt residue and dirt should be promptly cleaned – and your bike properly stored – after every ride. The most effective storage solution during the winter is a water-resistant motorcycle cover that is breathable, allowing condensation to evaporate and prevent rusting.

If your bike will be parked outside, look for a cover with reinforced lower skirts. This thicker fabric can keep the cover from scratching your motorcycle when it's struck by the wind. If you want to ensure that the cover stays put during wind storms, get one with grommets and use a rope to properly secure it.

Christian Bikers Fight Hunger With Food Drives

While TV shows like “Sons of Anarchy” perpetuate the old stereotypes of motorcycle groups and clubs, the truth is no group of people is more charity-driven than bikers.

The Christian Motorcycle Association aims to try and unravel some of those less savory views of bikers with their yearly Fight Hunger Food Drives. Check with your local Christian Motorcycle Association chapters as planning is likely in full swing for the typical holiday time event.

In addition to collecting donations the Christian Motorcycle Association also hosts several dinners in the local areas where the campaign is running. This allows those who are struggling with a consistent food source to come enjoy warm food and even warmer company and companionship.

Providing for those in need is an important part of the Christian Motorcycle Association’s mission. Check out their website at

These days there are hundreds of Christian motorcycle clubs. Most clubs have multi-state chapters. Here are a few to learn more about:

- ▶ Disciple Christian MC
- ▶ Bikers for Christ
- ▶ Last Disciples
- ▶ Soldiers for Jesus MC
- ▶ Chariots of Light
- ▶ Sons of God Motorcycle Club
- ▶ The Least of Saints Motorcycle Club
- ▶ Road Riders for Jesus Motorcycle Ministry

Toys For Tots Charity Rides

Many Harley-Davidson dealers sponsor these rides and events during the holiday season. Find out how you can get involved by asking about Toys For Tots Charity Events at your local Harley-Davidson dealership.

One of the best and longest running charity rides in the country are the numerous Toys for Tots runs put on from New York to Los Angeles. Chicago's Toys for Tots run is entering its 43rd year this December.

Dubbed "The World's Largest Motorcycle Parade", it started from humble beginnings in 1978 with one bike. In year two they jumped to 50 riders. In 2019 organizers

estimated somewhere between 25,000 and 30,000 riders participated.

The event is always planned for the first Sunday in December, no matter the weather. This year's ride is set to kick off the morning of December 6th. Each rider must bring at least one new, unwrapped toy to donate. More information for volunteers and people wanting to participate in the parade can be found at

<https://chicagolandfft.org/parade-faq-and-more>

The organizers say "It's all about the kids... For this day, we are one brotherhood/sisterhood, with thousands of riders thinking of the smiles our toys will bring to kids' faces!" Grab a toy and your snowsuit, and head on down to Chicago to join in the ride and gift giving!

GREAT GEAR:

Joe Rocket Classic '92 Riding Jacket

Finding the right motorcycle jacket is a very personal decision that requires quite a bit of work to determine the right finish, quality, price and look that you desire for your ride. Most hardcore riders have a couple of jackets for different types of rides.

If you are looking for a good all-around jacket with a timeless look, the Joe Rocket Classic '92 is a great option. Especially for the price which comes in around \$300.

The Classic features a relaxed fit cowhide outer shell that is compatible with armor (not included). It also has a full zip-in liner which significantly increases its warmth in colder weather and allows the rider to go lean and cool for the warmer days. This is one jacket that will never look out of style.
